

# Aquarium Dive Experiences

Want to dive in crystal clear salt water with multitudes of exotic marine animals but without having to travel to some exotic destination? Now you can. You can snorkel or scuba dive with all sorts of marine life at the Downtown Aquarium in Denver.

The fish tank contains so many varieties of fish it will boggle your mind. Not only are there lots of amazing fish, but in addition sea turtles, rays, eels and even some sharks.

Speaking of Sharks, you can also dive in the Shark Tank. Here you will be surrounded by various species of these amazing animals. Along with the Sharks you will see other amazing animals including the Saw Fish, Napoleon Wrasse, Turtles and more.

You can even get certified at the Aquarium. Yes, you can earn your PADI Scuba Diver Certification diving at the Aquarium. Once you have that rating all you need is two more open water certification dives and you will have your Open Water Diver Certification.

Your package will include the dive of choice, all your equipment needs, entry to the other exhibits at the Aquarium, or complimentary parking, a tour guide and great memories. All you need to provide is your personal necessities, such as swim wear and toiletries. .

Diving at the Aquarium is a unique experience, whether you are snorkeling or scuba diving. Other activities can be arranged as well, such as birthday parties or Underwater Digital Photography courses.

Prices vary with your selection and whether you are snorkeling or diving. Contact Tortuga Bay for more detailed information.
