

INDONESIA LIVE A BOARD

We have booked a live a board trip to Indonesia for November of 2009. The sailing dates are November 17 – 25th of 2009. The Live A Board package includes the following:

7 nights of deluxe on board accommodations in large private staterooms complete with private heads.

All meals and snacks

Non alcoholic beverages

All scheduled diving. Typical schedule includes up to 4 dives per day

Tanks and weights

Nitrox fills

Land tours

This is one of the newest live a board vessels in Indonesia. It is unique in design and extremely spacious. It's wide beam affords a remarkably smooth ride, even in rougher waters. There is a total of 16 spaces available for guests and the crew totals 21. Check out the following link for photos and information on the Archipelago II.

<http://www.archipelago-fleet.com/pdf/infosheet-aa2.pdf>

Not only is this a remarkable vessel and fantastic area for diving, but the price for such luxury is also remarkable.

The package listed above is selling for only \$2800.00 per person.

There will be some land offerings as well but final arrangements are still pending.

The additional land offerings will be Ambon and Bali. Ambon is where we meet and board the vessel. We are looking at 2-3 nights at a land based resort after disembarking from the live a board. Ambon has some great muck diving and offers unique photographic opportunities. We would then fly to Bali for a couple more nights to allow for sight seeing and shopping prior to the long flight home.

The land offerings are additional to the live a board and not a mandatory part of the trip. If desired your itinerary can simply be the week on the live a board.
