

# MASKS

The mask is probably the most important piece of equipment a snorkeler or scuba diver has. It needs to fit correctly to minimize any leakage and be comfortable to wear. Every mask will fit differently on every face. If you get a mask that just doesn't work for you we will swap it out for one that does.

The Spider Eye is a two lens design with tear drop shaped lens for better downward visibility. It also has a unique shaped skirt which fits many upper lips better. Comes with black silicon skirt or clear and various colors.

The Frameless Comes with black silicon skirt but there is no frame. This allows the skirt to form to the face better.

**\$64.95**

The Navigator is probably the most recognized frame style around. It is your basic two lens design. Available in multiple colors and can use off the shelf prescription lenses.

**\$74.95**

The Dolphin is a narrow frame mask that works well for children or adults with narrower faces. It is a single lens design and comes in several colors.

**\$39.95**

The Aria is a two lens design, similar to the .Spider Eye but in a narrower frame. It comes in the clear or black silicone and is a very comfortable fitting mask.

**\$44.95**

The ARC is an extreme low profile mask popular with free divers and technical divers. It comes in black silicone only.

**\$55.95**

**\$64.95**

# MASKS

The Eclipse is a single lens design with additional side lenses. The side lens afford improved peripheral vision and move the frame farther away from the bridge of the nose.

**\$79.95**

The Imperial Purge, much like the Eclipse, utilizes a single lens with side panels. It also incorporates a purge valve with allows the diver to simply look down and blow through the nose to clear the mask.

**\$68.95**

The Legacy is another single lens mask with side panels. It is a higher volume than most masks and affords a more open feeling while providing more nose room.

**\$94.95**

The Martinique has a frame and skirt similar to the Spider Eye and affords a better fit around the upper lip. The Martinique comes in different colors and has a different buckle than the Spider Eye

**\$59.95**
