

Fins

The Bora Bora open heel adjustable fin is a mid range fin suitable for snorkel or scuba diving. It has good flexibility to reduce kicking effort. Large foot pocket will accommodate larger booties.

\$74.95

The Sumi open heel adjustable fin suitable for snorkel or scuba diving. It has six water channeling guides to direct water backward for added power and reduce diver fatigue.

\$94.95

The Elite open heel fin is an excellent scuba fin. It has good stiff kick yet is mild enough to minimize diver workload. It uses a bungee style heel strap so no need to adjust. It comes in multiple sizes and colors.

\$119.95

The full foot snorkel fin is a very flexible fin ideal for snorkeling activity. The full foot feature eliminates the need to wear a bootie and they are easy to pack and transport.

\$44.95

The Otter like the full foot snorkel fin is excellent for snorkel activities. The Otter utilizes a open heel configuration with a heel strap and is a more universal fit.

\$44.95
